WHO WE ARE

The Boys’ Brigade is a volunteer led, uniformed Christian youth organisation, which provides youth and children’s work to the Christian Church. Founded by Sir William Smith in Glasgow in 1883, through partnership with local Churches we provide a safe and caring place where children and young people can learn, grow and discover.

OUR VISION

Our vision is that children and young people experience “life to the full”. Faith In Young People, our mission, expresses our vision and belief in young people, in their skills, abilities and their voice, and, as a Christian movement, our commitment to sharing and exploring faith. We believe that empowering children and young people is important and do this by involving them in decision making at all levels and giving responsibility appropriate to their age and aptitude.

2017-2018 SESSION

This session was special for so many reasons, not least the fact it marked 100 years of The Boys’ Brigade working with children aged eight to 11 years old. Across the United Kingdom and Republic of Ireland celebrations took place to celebrate Juniors 100 with members taking part in the Juniors 100 Challenge and attending BIG 100 Birthday Parties. The adventure for this age group started back in September 1917 and continues today with this week more than 14,000 members aged eight to 11 years old enjoying a fun and engaging programme.

Throughout the year we have continued to focus our work on the main themes of our development plan Growth, Quality and Voice. With aims to see more young people having the opportunity to participate in the activities the BB provides, to build on the quality of the experiences we offer and to give young people a voice, both internally and in the wider community.

Much has been achieved during the session and we are excited to highlight some of the progress we have made through this review.

The Boys’ Brigade Annual Review 2017/2018
Much has been achieved during the session and these pages provide some highlights from the year under review.

**GROWTH**

We have continued to explore ways to grow existing Companies to provide every child or young person with the opportunity to join BB regardless of where they live.

Throughout the Brigade our team of Development Workers have not only supported the work of existing groups but have also helped to start new Companies. This work has involved engaging with churches, supporting programmes, identifying and training new leaders and recruiting new members.

In keeping with our strapline ‘The adventure begins here’ The Boys’ Brigade continues to provide opportunities to children and young people beyond those possible at school or at home. Residential activities including sleepovers, camps and trips abroad continue to be key highlights in the programme for children and young people.

**QUALITY**

We want all of our members to have the best possible experience; to have fun, to achieve and to be able to participate fully in their Companies and the wider Brigade.

In July 2018 we launched a new campaign, Raise the Bar, set around 10 challenges for each and every part of the organisation, focussed on raising the quality of experience for children and young people in The Boys’ Brigade.

Our programmes are an important resource to our leaders and central to our engagement with children and young people and we are pleased to report following an extensive review we are launching new programmes for the Anchors and Juniors age groups, providing fresh and relevant resources to support our leaders.

Following the introduction of GDPR, during the session we have launched a new data protection policy providing clear guidance and support to our Leaders and members on how we share, process and retain data.

Continuing to invest in our learning and development strategy for leaders, with a re-launch of our Youth Leader Training programme. We have also run workshops alongside partners like YoungMinds to help raise awareness of mental health issues among young people and identify ways that our leaders can help support young people who are suffering or vulnerable.

Following a review of the outsourcing of BB Supplies, we have successfully transitioned the operation to a new supplier which has involved the launch of a new online shop.

Putting our “Faith in Young People” strapline into practice, ensuring that our members’ voices are heard both inside and outside of the organisation.

Many of our young people have been contributing to their local communities and making a real difference. We have seen examples of supporting local charities, running a food bank collection point and cleaning up local spaces to mention just a few projects.

The BB has continued to be involved in Step up to Serve, and re-pledged it’s commitment to the #iwill campaign by promoting social action across all age groups.

Developing our young leaders continues to be a priority and we have run a number of workshops during the session to bring under 26 year olds together providing opportunities to share ideas and experiences and develop skills.

Following the 2017 General Election we reconstituted our All-Party Parliamentary Group at Westminster.

The voice of our members is also represented at national level, with examples including our delegation of young leaders to the British Youth Council and also the election of two members of the Scottish Youth Parliament.

The Boys’ Brigade continues to support to our Leaders and members on how we share, process and retain data.

Can you help us?

Practically
Many of our Companies need more volunteer leaders and there are groups that have to operate waiting lists. With the support of more adults, the BB experience could be offered to more children and young people. Could you help us by sharing some of your time to support a local Company? Full support and training is given to all of our volunteers. Please contact us for details of a local group.

Prayerfully
Each week thousands of young people come into the church environment through the activities of The Boys' Brigade. Many have no other connection with the church. The support of prayer for leaders and members is vital in our ongoing commitment to advance Christ's Kingdom. There are also details of specific projects that you may wish to pray for on our website.

Financially
The Boys’ Brigade is mainly dependent on raising finances through its membership. We do not feel that we can ask more of those that give so freely of their time week by week. With greater financial resources, the Brigade could offer more support to its Companies and expand its work to attract more young people into the life of the church. Can you help by means of a single donation or through a regular financial giving? For details of our “Friends” scheme, please contact us.
