

Out & About Hour Photo Challenge

Tick off as many of the below photo challenges as you possibly can within an hour. You may need to be clever with how you photograph some of the challenges. Don't forget a member of your team MUST be in the photograph for each of the challenges.

A point is available for every photo challenge you complete. Challenges marked with an * mean there is only 1 point available between all competing teams.

Remember to follow current social distancing guidelines when out and about.
