

A BOX OF CRAYONS

GET INTO
THE BIBLE

15 MINUTES

READY
TO GO

GETTING INTO THE ACTIVITY

A look at how God created humans in all different colours and how when we all come together, we make the world better.

Choose your favourite colouring crayons/pencils/pens and colour a picture using that one colour. How does it look? Is it a bit boring and all look the same?

Thankfully when God made colouring pens, just like when he made humans, he didn't make us all one colour, shape or personality. God made us all different and unique so we could bring our own bit of 'special' to the world. That's exactly how God wanted us to be! When we come together, we make the world beautiful - Just like using more than one colour colouring pen brings a drawing to life. We can remember that important lesson with this saying.

We are a box of crayons, each one of us unique. But when we come together, the picture is complete.

Now redraw your picture, using lots of different colours to bring your drawing to life. How much better does it look now?

WHAT YOU'LL NEED

- Colouring Pens
- Paper

NOTES FOR PARENTS & CARERS

All activity should be supervised by an adult. Share a picture of your drawings with your BB group or post on social media using #BBatHOME.
