

# CHOCOLATE EASTER NESTS

GET CREATIVE

30 MINUTES

PREPARATION NEEDED

## GETTING INTO THE ACTIVITY

Create some tasty Easter themed treats for your family to share.

In a small bowl, melt the chocolate. This can be done in a microwave or over a pan of simmering water. A grown-up should do this bit.

Crush the shredded wheat (or other cereal like Rice Krispies or Cornflakes) into a bowl and then pour the melted chocolate over the top.

Mix together and then spoon into the cupcake cases. In the centre of the nest, use a spoon to create an indent. This will become the centre of the nest and where you should place two or three mini eggs.

Chill the nests in the fridge until set. Once set you can eat and enjoy them with your family!

## WHAT YOU'LL NEED
