

GUESS THE SOUND

GET LEARNING

10 MINUTES

READY TO GO

GETTING INTO THE ACTIVITY

Test your listening skills with a quiz based around everyday sounds. Do you think you can work them all out?

For this activity head to YouTube and watch 'Guess the Sound Game | 20 Sounds to Guess' by 'Mister Teach' (<https://youtu.be/n1m4h79JZso>). On here there are 20 sounds for you to try and work out. The answers appear after each question, so you may need to pause the video to think before finding out the answer. How many of the sounds can you guess correctly?

Afterwards you can play more of the 'Guess the Sounds' quizzes on YouTube or you could create your own quiz. Head around the house recording sounds of objects in your home and then test them on someone else.

WHAT YOU'LL NEED
