▶▶ GETTING INTO THE ACTIVITY

Build and design your very own ice cream sundae - full of your favourite things. The perfect treat for a hot summer's day.

- 1) In a bowl, place one or two scoops of your favourite ice cream. If you're lucky enough to have more than one flavour, then you could use a mixture.
- 2) Now add the toppings to your ice cream. These might be some of your favourite chocolates, marshmallows, sprinkles, fruit chunks or crunched up biscuits. Use your imagination to make the sundae look as professional and tasty as possible.
- 3) Finish the sundae by adding some sauce. Then grab a spoon, tuck in and enjoy!

Don't have any ice cream? Design the perfect ice cream sundae, by drawing one. Make sure you label all the toppings so you can remember what everything is. Then you'll be able to build the ice cream sundae another time, using your drawing as a recipe.
