A QUESTION OF SPORT

PART OF THE SPORTS THEMED PROGRAMME

▶▶ GETTING INTO THE ACTIVITY

Test your knowledge of all things sport, by taking on our 'A Question of Sport' quiz.

Three rounds of sporting knowledge - general knowledge, sporting faces and stadiums. Take on all three rounds and see what score you can achieve. Who can get the highest score in your group?

If running this activity face-to-face, display the question on a projector / large TV to ensure everyone can see each question (the quiz includes picture rounds).

Virtual Session: Share the quiz via screenshare with everyone writing down their answers as you go along.

Take it further: After completing the sports quiz, why not try writing your own round. You could write a round based on a specific sport or keep it general and cover a number of sports. Try out the quiz on the rest of the group and see how they get on.

✔✔ WHAT YOU'LL NEED

- A Question of Sport PowerPoint
- Projector / TV (Face-to-Face)

! KEEPING EVERYONE SAFE

If running in a face-to-face setting, ensure you share the images on a screen / projector that is big enough, so young people can clearly see the images without having to gather closely together. Remember to maintain social distancing as required.
