COMMUNITY CLEAN UP

➔ GETTING INTO THE ACTIVITY

Give back to your community with a clean up - helping to make your local area look and feel better.

Rubbish can get everywhere. It can make places look untidy, cause hazards and harm wildlife. As a group, head out with some bin bags and start picking up as much as you can. Wear some gloves whilst you're doing it and be careful not to pick up anything dangerous, just stick to everyday rubbish items.

Think about where you'd like to do your community clean up. This might be around your meeting space or it might be at the local park / playground etc.

Once finished make sure you dispose of the rubbish in an appropriate way and wash your hands afterwards.

Take it further: Could you write up an article for your local newspaper / church newsletter / Company newsletter about your community clean up? Think about what information you'd like to share and try to include some pictures from your clean up too. This could be a great opportunity to share some good news and promote the name of your BB Company in your community.

WHAT YOU'LL NEED

- Bin Bags
- Gloves

KEEPING EVERYONE SAFE

Outdoor activities are encouraged due to the reduced risk of spreading Covid-19. Groups will need to be supervised by a leader and care should be taken when handling rubbish. If you're not sure about picking up an item, then leave it and move on. Remember to maintain social distancing as required.
