GETTING INTO THE ACTIVITY

Put your navigation skills to the test by using a map to cross from one side to the other.

Think about where you would like to take a walk and either use a physical OS map or an online map. On the map, decided on the two points you'd like to go between. Depending on the size of your map, it could be from one end to the other, but if you are using a large map, then you could decide to get from one place to another.

Using the map, find appropriate footpaths to use, ideally away from busy roads or other hazards. Plan your route beforehand and then try to stick to it whilst out on the walk. Can you navigate the whole way without getting lost? (or relying on Google Maps to save you!)

For some tips on map reading, head to -
<https://getoutside.ordnancesurvey.co.uk/guides/beginners-guides-map-reading/>

Share a photo of your walk with your BB group or post on social media using #BBatHOME.

WHAT YOU'LL NEED

- Map

NOTES FOR PARENTS & CARERS

An adult should supervise the activity. Proper planning should take place before the walk and footpaths should be used at all times. Please follow social distancing guidelines whilst out. An adult should initiate any contact with the BB group and/or share on social media.
