

FRENCH CRICKET

GET ACTIVE

20 MINUTES

IN THE
CUPBOARD

GETTING INTO THE ACTIVITY

A quick and easy version of cricket which can be played anywhere and is simple to learn.

To play this you will need a little more space, so with members of your household following social distancing guidelines you could take this activity out to your local park or open space.

The 'batter' should stand in appropriate space with both feet together. They are not allowed to move their feet once the game begins. The 'bowler' stands a few metres away to begin with and must throw the ball underarm towards the batter. The batter can hit the ball anywhere. The ball must then be bowled from wherever the ball lands. This can be anywhere around the batter, including behind them. Any fielder can bowl the ball and this can be done immediately, whether the batter is ready or not.

To get the batter out, you must directly catch the ball or hit the ball against their leg. If the batter moves their feet during the game, this also gets them out. Once the batter is out, allow a new batter to play and continue the game.

WHAT YOU'LL NEED

- Cricket Bat (or Tennis Racket / Rounders Bat / Broom Handle)
- Ball

NOTES FOR PARENTS & CARERS

Please ensure the space used for this activity is appropriate. Always follow current social distancing guidelines when leaving your home. An adult should initiate any contact with the BB group and/or share on social media.
