▶▶ GETTING INTO THE ACTIVITY

Take on a big challenge by washing the family car, helping to put a smile on the face of your grown-up.

With the help of a grown-up, wash your family car. To do this you'll need to fill a bucket with warm water and some car cleaner. Ask your grown-up what to use, as they may have some special kit. Use a sponge to wash the car. Start with the top and work your way to the bottom of the car - as this is often the dirtiest part.

Once the car has been washed, you can now rinse off the soap suds with a hose or bucket of water. Finally use a dry cloth to help dry the car and ensure there are no streaky watermarks.

Can't wash a car? Find something else to clean, such as the windows or doors of the house.

Ask a grown-up to take a photo or video of you washing the car and share it with your BB group or post on social media using #BBatHOME.
