TO GO

## GETTING INTO THE ACTIVITY

Get to know your house even better. Set up a photo treasure hunt for a family member to complete.

Head around the house with a camera phone, taking obscure or close up photos of things you find. Take at least 10 photos and then challenge a family member to go around the house and work out what they are. You could time how long it takes or give them a time limit.

Here are some examples:

- The corner of a photo frame
- One button on the TV remote
- Door handle
- Part of a soft toy
- Handle of a spoon
- Corner of the letterbox
- Close up of a tap
- The tip of a key

## WHAT YOU'LL NEED

- Camera Phone

## NOTES FOR PARENTS & CARERS

Give clear guidance on which rooms you can or can't use before starting.
