GETTING INTO THE ACTIVITY

Recreate a classic carnival game and challenge your family to play with you.

For this activity you'll need 5-10 tin cans (or you could substitute tin cans for drinks cans, bottles or other items). Using empty food cans such as baked bean and soup tins is ideal. Make sure you clean them out first. If you have time, you could also decorate the cans with paints or other craft materials.

Line the cans up on a table. You can either create a straight line or you could build a pyramid of cans. Set up a throwing line a couple of metres away. Pair some socks up to make sock balls.

Take turns to throw the balls and try to knock the cans off the table. Score a point for every can you knock off. You could write numbers on the cans, so different cans are worth different points. Which family member can score the most points?

Ask a grown-up to take a photo or video of your game and share it with your BB group or post on social media using #BBatHOME.
