# Colours Quiz

## Instructions

This is a quiz based around colours. Before the session, ask each child to have a blue, yellow, green and red item with them. This could be a t-shirt, sock, piece of Lego, toy, keyring etc.

Ask each question, give some thinking time and then do a 5 second countdown. At zero, everyone should show the coloured item which they think is the correct answer. Award a point for everyone holding the correct colour.

## Questions:
