I SPY

GETTING INTO THE ACTIVITY

I Spy with my little eye something beginning with...

Play a game of 'I Spy' with your group on a virtual session. To do this you'll need to have a copy of the I Spy worksheet. On the worksheet there are 60+ items, ranging from animals to transport, stationary to food. Show the worksheet to the rest of the group using the 'screenshare' function on Zoom.

One child should start the game by saying 'I spy with my little eye something beginning with...' and then the first letter of the object they are looking at. So for example if it was the pen, then they would say P. Everyone else then needs to look around the worksheet for items beginning with P. When they find one, they can put their hand up and a leader should go around the group asking them for their guesses. The first person to guess correctly wins that round and can be the person to lead the next round.

Continue playing, ensuring everyone has an opportunity to lead the game.

WHAT YOU'LL NEED

- I Spy Worksheet

KEEPING EVERYONE SAFE

Some younger children may struggle to remember what some of the items are called. It might be helpful at the start of the game to ask the group if there are any objects that they aren't sure about.
