

THE MOST IMPORTANT QUESTION

GETTING INTO THE ACTIVITY

Life is full of questions - but have you got an answer to life's most important question?

As a group, list all the questions you've asked / been asked today. Life is full of questions, but how many of them are actually important?

If Jesus asked right now 'who do you say I am', would you have an answer? Have you considered it before? If we asked people in the street, what would they say? Some might say he is fake or irrelevant. Others might say he is the son of God and the most important person in their lives. There are many opinions of who Jesus is, but the most important opinion to Jesus is yours. For those unsure, the best way to answer that question is through the Bible, by exploring what's inside and talking to God through prayer. Are you ready to find out?

Box of Questions: Set up a box and write down your big questions about Christianity and Jesus (why does God allow suffering, why can't we see God etc). Use these to help guide devotions over the following weeks.
