# SUPERHERO A-Z

PART OF THE SUPERHERO THEMED PROGRAMME

## ▶▶ GETTING INTO THE ACTIVITY

Put your superhero knowledge to the test, as you explore the A-Z of the superhero world.

This activity challenges young people to come up with an item for every letter of the alphabet. The answers must all be to do with superheroes or things found in the superhero world. This might include characters (Iron Man, Thor, Batman, Robin), movies (Avengers, Incredibles, Captain Underpants), fictional places (Gotham, Wakanda), superpowers (flying, invisibility, x-ray vision) or objects (infinity stones, shield, hammer, cape).

The challenge could be completed individually or in teams competing against each other, or just as one big group working together. Which person / team can get the most letters? As a group, can you think of something for all 26 letters?

Give each person / team a sheet of paper with A-Z written down the side to help.

**Virtual:** Share a Word document with screenshare and add in the items as the children call them out. This will help everyone to keep track of what has been said and which letters you need items for.

## ☑☑ WHAT YOU'LL NEED

- Pen & Paper

## ! KEEPING EVERYONE SAFE

Please ensure social distance is maintained where required.
