# SUPERHERO BINGO

PART OF THE SUPERHERO THEMED PROGRAMME

## GETTING INTO THE ACTIVITY

Eyes down, it's time for some superhero bingo. You'll need your mind control super power for this game, to help you achieve 'Bingo' first.

Download and print the superhero bingo sheets. You'll need one for each person playing and a leader will also need to cut up the individual symbols on the last sheet to use as calling cards. Each person will need a pen or some counters to help mark off their bingo sheet. Place all the calling cards in a bowl.

One at a time, pull out a card from the bowl and show the group the image. Children should check their bingo sheet to see if that character / object is on their sheet. If it is, they'll need to cross it out or place a counter on top of it. Keep playing until someone has a full line, then play for two lines and finally for a full house.

**Virtual:** You could send the bingo sheets in the post, give them out beforehand if you are meeting with a mixture of face-to-face and virtual sessions, or you could email them to parents/carers to print or have on the screen whilst playing.

## WHAT YOU'LL NEED

- Superhero Bingo Sheets
- Pens or Counters

## KEEPING EVERYONE SAFE

Maintain social distancing where required. Children should ideally have their own equipment (bingo sheet, marker etc) to reduce the need to share equipment. If sharing equipment, please factor in a hand sanitiser break before and after the activity.
