CHRISTMAS FORTUNES

▶▶ GETTING INTO THE ACTIVITY

Our survey says... Team up and get ready to go head-to-head in our survey game, trying to predict the most common / popular answers to the Christmas themed questions.

Download the 'Christmas Fortunes' PowerPoint and display this in an appropriate way (TV, projector etc. If meeting virtually, use screenshare). Split the group into two teams. If playing with a large group, you may need to play multiple versions of the game in different parts of the building (or breakout rooms if playing virtually) with roughly 5-6 in each team.

The aim of the game is to find the most popular answers to some Christmas themed questions, based on surveys of 100 people. The full rules on how to play Christmas fortunes can be found of the first slide on the PowerPoint.

The game will need an energetic host to ask the questions and a leader should have a copy of the answer sheet, so they can check if answers are correct or not and provide the score. If feeling creative, the leader could also provide sound effect (buzzer, pings, top answer, spot prize) for any right or wrong answers. Have a prize for the winning team and you could even add some spot prizes!
