GUESS THE SOUNDTRACK

PART OF THE MUSIC THEMED PROGRAMME

➤ GETTING INTO THE ACTIVITY

Music features in loads of our favourite films. See if you can match the music track to the correct film.

For this activity you will need to create a playlist of songs from movies. If you have access to a music streaming service (Spotify, Apple music etc) then you can use this. If not, you can usually find the songs on YouTube. Play the songs using the screenshare function, making sure to tick the 'share computer sound button' at the bottom of the window. If you click on the 'advanced' menu, this will allow you to share computer sound without visually sharing the screen.

A list of suggested songs which should be recognisable for Juniors can be found on the attached sheet.

Play the game either as a quiz, where children write down their answers or as a 'fastest finger' round, with children 'buzzing in' by waving their hand to signal they want to guess. Ask children to name the movie the song comes from. You could also ask for the name of the song too. Award a point for a correct guess. Who can recognise the most movie songs by the end of the game?
