GETTING INTO THE ACTIVITY

Learn the international phonetic alphabet and then use it in practice as you try to identify the mystery objects.

The phonetic alphabet is used for lots of important things including by airlines, police, military and emergency services. It uses a set of 26 words to spell out the letters A-Z. All the words used are designed to sound distinct when spoken.

My Name: Screenshare the phonetic alphabet sheet. Let children take it in turns to spell their name. Who has the best sounding name?

Mystery Object: Grab a household item and keep it hidden from the screen. The group should try to guess what the object is by using the phonetic alphabet. To do this they should guess which letter the item begins with and then keep going, guessing the following letters until people think they know the object. To help, clues could be given throughout the game to assist those guessing. Go around asking different children for a letter guess, however when a child thinks they know the object, they should raise their hand to guess.

Example - Teddy... Does it begin with Bravo? No... Does it begin with Echo? No... Does it begin with Tango? Yes... Is the second letter India? No... Is the second letter Echo? Yes... Is it a teddy? Yes.

Continue playing, letting children have goes finding the mystery object and answering the questions.
