GETTING INTO THE ACTIVITY

This activity can be used to show how when our hearts are filled with God's love, that love ends up spreading to others.

Start by having a conversation about love. What is love? How do we show our families that we love them? (being nice, giving hugs, behaving, saying 'I love you' etc). How do your families show they love you back? (looking after you, protecting you, encouraging you, giving hugs etc). Love makes the world a better place. The more we love each other - the better the world becomes. That's the same with God's love for us.

Watch our 'Love' video at <https://vimeo.com/500911856>. Afterwards, try to re-create the object lesson yourselves, using kitchen roll, a pen, a washable felt tip pen and a bowl of water.

Finally spend some time thinking about different ways we can share God's love with the people around us, in the way we live our lives and help others. How many different ideas can you come up with? Write a list and share it with your BB group.

'If a person believes in me, rivers of living water will flow out from their heart.' John 7:38
