FILM SOUNDTRACKS

PART OF THE NIGHT AT THE MOVIES THEMED PROGRAMME

GETTING INTO THE ACTIVITY

All the best movies feature memorable soundtracks. Have a go at trying to match the soundtrack to the film in this soundtrack game.

For this activity you will need to create a playlist of songs from movies. If you have access to a music streaming service (Spotify, Apple music etc) then you can use this. If not, you can usually find the songs on YouTube. Play the songs using the screenshare function, making sure to tick the 'share sound' button at the bottom of the window. If you click on the 'advanced' menu, this will allow you to share computer sound without visually sharing the screen.

A list of suggested songs from movies which should be recognisable, can be found on the attached sheet.

Play the game either as a quiz, where young people write down their answers or as a 'fastest finger' round, with people 'buzzing in' by waving their hand to signal they want to guess. When a player 'buzzes in', pause the music to allow a guess. If wrong, that person is frozen out of the round and the music should continue for someone else to guess.

WHAT YOU'LL NEED

- Music Streaming Service / YouTube
- Soundtrack List Sheet
- Pen & Paper

KEEPING EVERYONE SAFE

When using screenshare, make sure to check the screen / sounds you are sharing are appropriate and don't contain sensitive / personal information.
