

IMPOSTER

All those playing should face away from the screen. One by one call a player to face the screen and read the theme. One player should be secretly chosen to be the imposter – when they face the screen, show them the word ‘imposter’ instead.

Players then take it in turns to say a word linked to the theme. The word should be linked, but kept vague, so the imposter has a hard job trying to blend in.

After everyone has said a word, you can question others. Finally hold a vote to decide who you think the imposter is.
