3 INGREDIENT NUTELLA BROWNIES

▶▶ GETTING INTO THE ACTIVITY

Baking made simple. Create these tasty Nutella brownies using just 3 ingredients and a few easy-to-follow steps. Perfect for a virtual session.

The week before running this activity, a leader should ensure children and their parents/guardians are aware of the ingredient list so they have time to get the items ready. You may also wish to ask children to weigh out the ingredients before the virtual session, to save time.

- 1) Preheat the oven to 180c.
- 2) In a large bowl add the flour, eggs and Nutella. Mix with a wooden spoon until smooth and all of the ingredients are well mixed.
- 3) Line the tin / tray with baking paper and pour in the mixture.
- 4) Bake in the oven for 15-20 minutes. To help you know when the brownie is baked, stick a toothpick / sharp knife (or similar) into the centre of the brownie. If it comes out almost clean with a few moist crumbs, then it should be done.
- 5) Leave to cool before eating

You could make the brownie your own by adding chocolate chunks to the mixture or drizzling melted chocolate on top of the brownie after it has cooled.
