MUSICAL CLOTHES

➤ GETTING INTO THE ACTIVITY

A funny game that ends up with the group dressed in silly outfits. Who will end up wearing the funniest set of clothes?

Sit the children in a large circle. Have a bag of fancy dress items. This could include wigs, costumes, masks, hats, dresses, glasses, props and so on - the funnier the better.

As you play the music, the group should pass the bag around the circle. When the music stops, the person holding the bag should reach in, grab an item (without looking) and put it on. Continue with the music and the bag should carry on being passed around. Keep going until all the items have been taken from the bag. Now spend some time looking at all the different outfits which have been created. As a group, decide who has the funniest outfit - they are the winner of the game!

During COVID restrictions, this game should be adapted so a bag isn't physically passed around. Instead, children should take it in turns to stand up, spin around and sit back down again. If the music stops whilst they are completing the action, they should choose an item from a table where all items are laid out (children should only touch the item they are going to pick up).

WHAT YOU'LL NEED

- Bag of Fancy Dress Items
- Music

KEEPING EVERYONE SAFE

Please maintain social distancing as required.
Please ensure the fancy dress items are safe and appropriate.
