ST GEORGE

GETTING INTO THE ACTIVITY

Learn about St George, the Patron Saint of England. Link to St George's Day (23rd April).

Start by asking the group what they know about the story of George and the Dragon. Let the group share their knowledge and then show them the video 'George and the Dragon' - **https://vimeo.com/102942550**.

George and the Dragon Sequence Relay: Split into two teams. Each team should have a set of obstacles and a set of cut up George and the Dragon sequence cards at the end of the obstacle course. On go, one person from each team should race through the obstacles, pick up one sequence card and return. Continue this, with each person taking turns to retrieve a card. The teams are racing to collect their cards and then correctly place the sequence cards in the right order. Which team can remember the order of the story the quickest?

Take it Further: Add additional elements to your session such as theming the obstacle course around St George, completing a knight-based craft or re-enacting the story of George and the Dragon.

Virtual: Watch the video and then as a large group try to put the sequence cards in the correct order.

GEORGE & THE DRAGON SEQUENCE CARDS

A terrible dragon was attacking a village everyday and all the villagers were scared and didn't know what to do.

The villagers gave the dragon all their food to try and stop it attacking, but the dragon ate all the food and still kept attacking the village.

The villagers gave the dragon all their animals to try and stop it attacking, but the dragon took all the animals and still kept attacking.

The villagers gave the dragon all their gold and jewels to try and stop it attacking, but the dragon took all the money and still kept attacking the village.

The King sent his army to try and capture the dragon, but the dragon was too strong and the army ran away.

With nothing else to give, the King decided to give his daughter, the Princess, to the dragon to try and make it stop.

George heard that the Princess has been sacrificed and rode as fast as he could to the lake to save the Princess from the dragon.

George fought the dragon, killed it and saved the Princess. The villagers were overjoyed.

This is the correct order from left to right, so take a note or keep a copy for reference.

Cut out the squares and mix them up ready for the group to take on this activity.
