NATURE BINGO

GETTING INTO THE ACTIVITY

Make exploring the outdoors into a game, by playing Nature Bingo. What will you find? Part of the Go Wild Challenge.

Download and print the 'Nature Bingo' activity sheet or create your own. Children can work individually or in small groups. Each child or group will need a bingo sheet. This activity works best in a forest / woodland area, but is also suitable in a local park or green space.

Head out and explore the area, trying to find the items on the bingo sheet and crossing them off. Whilst everyone has the same design bingo sheet, children will see different things at different times, so it can still be a race to try and find the objects on the sheet in the quickest amount of time.

If playing individually, but walking around in small groups, to make things harder you could set a rule that once an object has been found by one person, no one else can claim that same object for their bingo sheet. For example if one child finds a spider, no one else can use it for their sheet. They must find a different spider. If you struggle to cross off all the items in the time you have, then set a time limit and the child with the most boxes crossed off wins.

This activity is part of the **Go Wild Challenge**, encouraging children to get outdoors and adventurous. Check out all the challenges and how to achieve bronze, silver and gold awards by heading to <https://boys-brigade.org.uk/go-wild>

WHAT YOU'LL NEED

- Nature Bingo Sheet
- Pen / Pencil

KEEPING EVERYONE SAFE

Please maintain social distancing as required. Shared equipment should be kept to a minimum. Where shared equipment is being used, hands should be sanitised before and after the activity.
