DAD'S TIE

GETTING INTO THE ACTIVITY

Create a unique Father's Day card in the shape of a tie, with hidden messages inside. Link to Father's Day (Sunday 20th June 2021).

This activity is designed to allow children to create a Father's Day card for their Dad. However, the tie can be written to any family member or fatherly figure in their life to say thank you.

- 1) Cut out both tie shapes from the 'Dad's Tie activity sheet'. If using the blank tie template, design and decorate the tie using colouring pens and/or craft materials.
- 2) Encourage children to fill in the gaps in the messages, helping to make the tie personal to the person they are creating it for.
- 3) Apply glue to the 'glue here' section (just the top of the tie) and then place the decorated tie on top, pressing down firmly to fix into place. Now the decorated tie should be covering the other tie, with it being folded up to reveal the message underneath.

Take it Further: Hole punch holes either side of the knot part of the tie and attach string or ribbon, to create a wearable tie as a gift.

Virtual: Send out the activity sheets beforehand in a pack or email to parents to print. Alternatively children can draw and decorate their own tie shapes.
