CHRISTMAS CHOCOLATE WRAPPERS

AIM

Transform chocolate bars into colourful Christmas characters. Perfect for making as a Christmas gift for a loved one.

WHAT YOU'LL NEED

- > Large Chocolate Bar (100g)
- > Coloured Paper (Red, Brown)
- > Sellotape / Glue
- > Father Christmas Face Template Sheet
- > Cotton Wool
- > Colouring Pens
- > Googly Eyes
- > Craft Materials (l.e Pom Poms, Pipe Cleaners, Buttons etc)

GET CREATIVE: CHRISTMAS CHOCOLATE WRAPPERS

THEME: ARTY & CRAFTY

LEADER PREPARATION

A leader will need to ensure you have enough equipment for each child taking part. Some of the cutting, especially the Father Christmas faces, may want to be prepared by a leader beforehand.

GETTING INTO THE ACTIVITY

This activity works best with a large bar of chocolate (roughly 100g), but can be adapted to smaller bars too. Below are two designs you can make. You may choose to focus on one or give children the choice on which character to make.

Father Christmas

- 1 Wrap the bar in red paper and fix with Sellotape.
- 2 Cut and colour the Father Christmas head from the template sheet. Use small cotton wool balls to stick to the beard / white parts of the hat to make it fluffy.
- 3 Attach the Father Christmas head to the top of the chocolate bar using tape / glue.
- 4 Add black button & a belt to the Father Christmas suit (red paper). This could be drawn on or for the buttons you could glue buttons or pom poms to the paper.

Reindeer

- 1 Wrap the bar in brown paper and fix with Sellotape.
- 2 Attach two googly eyes and a red pom pom to the brown paper as eyes and a nose. Draw on a smiley face.
- 3 Using dark brown card or pipe cleaners create antlers and then attach these to the top of the reindeer chocolate bar using tape or glue.

The same concept could be used to create other Christmas characters such as a snowman (white paper, buttons, ribbon scarf, eyes & nose) or an elf (green paper, buttons, belt & face).

IDEAS TO TAKE THIS FURTHER...

Having made a Christmas gift, consider also making a Christmas card to go with it.

KEEPING EVERYONE SAFE

When working with scissors, please take care and ensure there is appropriate supervision.
