## Essentials Activity Cards

The Essentials Activity Cards have been designed to support the running of the programme, going beyond the activity areas, with activities to support welcoming new members, getting young people involved in shaping the programme, working towards the Membership Awards and supporting the transition between age groups.

A range of essentials cards are available on the Programme Hub (use 'Activity Area' filter and select 'Essentials' in face-to-face activities) including recently added activities for all age groups.

## Staged Awards for Company & Seniors

The Staged Awards build on the Core Activity Awards, as additional (optional) awards that run across both the Company and Seniors age groups.

There are 18 Staged Awards, which are all linked to one of the 6 Activity Areas found in the programme, continuing the focus on providing a balanced programme with a wide range of opportunities.

Whilst the Core Activity Awards are based on recognising participation in the programme, the Staged Awards take things a step further with young people

completing awards based on a set syllabus. The syllabus for each award sets out elements to be completed, with 4 levels for each Staged Award.

Consider how you could introduce the Staged Awards into your Company and Seniors Programme in the New Year.

Find out more about the Staged Awards at [boys-brigade.org.uk/staged-awards/](https://boys-brigade.org.uk/staged-awards/)

## Go Wild Challenge

The Go Wild Challenge is a series of challenges designed to help get your group outdoors and adventurous.

The challenge was launched in Summer 2021, but if your Company has not had a chance to get involved, or not completed all the challenges, why not make it part of your programme as we head into Spring 2022.
