GETTING INTO THE ACTIVITY

Emoji Bible Quiz

- 1 Display the Emoji Bible PowerPoint. This contains 15 clues that use emojis to describe a Bible story, character or event.
- 2 Young people can complete the quiz individually or in pairs/small teams.
- 3 At the end of the quiz, go through the answers. Who scored the most points?
- 4 When you go through the answers, ask young people to talk through each emoji in the clues and what each emoji might represent in that Bible character's life or event in the Bible.

Create Your Own Emoji Bible Questions

- 1 Challenge the group to come up with their own Emoji Bible clue using characters, events or stories not already covered. This could be completed on phones/tablets etc, or young people could draw their clues on paper.
- 2 After a few minutes, let everyone share their clue and see if anyone else can guess it correctly.

My Faith Journey in Three Emojis

- 1 Emojis can be used to quickly communicate a thought or feeling without using words. In fact, some people find it easier to get across how they are feeling using emojis, rather than words.
- 2 One area that some young people struggle to openly talk about is their faith and how they feel about God. For some it can be difficult to find the right words. Challenge the group to consider summing up how they feel about God and their faith using three emojis. Encourage young people to be as honest as possible.
- 3 Ask those who are comfortable to share which three emojis they have used and why.
- 4 Finish in prayer, leaving a period of silence for young people to silently pray to God, sharing their three emojis with him and what that means for their relationship with God.
